

Head Of FBI Says White's Retention In U.S. Employ Hampered Spy Probe

Attorney General Brownell Accuses Truman Of "Blindness" And "Laxity" Toward Communists

WASHINGTON (AP) — Senate investigators introduced evidence today that former Secretary of the Treasury John W. Snyder promoted Harold Glasser in 1946 after FBI reports had linked Glasser with Harry Dexter White in Soviet espionage.

By JACK BELL

WASHINGTON (AP)—FBI Director J. Edgar Hoover's dramatic disclosure that he opposed — but bowed to—former President Truman's decision to keep Harry Dexter White in government today fanned new political controversy in the spectacular case.

In what for him was precedent-breaking testimony, Hoover told the Senate internal security subcommittee at a crowded, televised hearing yesterday that he advised against retaining White, who had been named in an FBI report as a spy suspect.

Efforts Hampered

The ruddy-faced FBI director said firmly he had never committed his agency to any such arrangement, which he said would have been "inconceivable" for it and "not within my purview." He said FBI efforts to keep an eye on White were hampered after Truman let White's appointment as U.S. director of the International Monetary Fund go through Feb. 26, 1948.

"At no time was the FBI a party to an agreement to promote Harry Dexter White and at no time did the FBI give its approval to such an arrangement," Hoover declared.

But he confirmed that Truman, as the former President had said, permitted White to transfer from the Treasury to the monetary fund post with the idea of continuing surveillance of him. Truman had not contended the FBI had approved this course.

Brownell Testifies

Hoover also said two Truman Cabinet members involved did not favor keeping White in government service.

The Senate inquiry continued today.

Atty. Gen. Brownell, who preceded Hoover as a witness yesterday, said any "reasonable man" would have to conclude that Truman knew White was a spy when he appointed him.

"Blindness" And "Laxity"

But the attorney general conceded, under sharp questioning by Sen. McClellan (D-Ark.), that it was a matter of "judgment." He said he was not impugning Truman's loyalty as the former President had claimed in asserting that Brownell "lied to the American people."

Brownell said, rather, that Truman was guilty of "blindness" and "laxity" toward Communists in government. It was Brownell who first made the accusations against Truman in a speech Nov. 6.

In Kansas City, Mo., Truman shrugged this off with the comment, "Why waste words?"

Denial From White's Sister

Truman said he had watched Brownell's testimony on TV but not Hoover's. He added the FBI director: "I'm sure he told the truth."

Miss Fanny White, 70, a sister of Harry Dexter White, said in Boston Brownell's charges are "false, all false." She said her brother, who died in 1948 after swearing he was not a spy, "loved this country" and "had no respect for Russia."

Sen. Knowland of California, the Republican Senate leader, jumped into the controversy with a statement that Truman was "lax in his

President Hopes Clean-Up Will Erase Communist Issue From Political Campaign Next Year

WASHINGTON (AP)—President Eisenhower said today he hopes his administration's clean up in Washington will eliminate the Communist-in-government issue from next year's political campaign.

The President told a news conference he has said his last word, at least for the time being, on the Harry Dexter White case.

Then, in a generalization in response to questions, he said he does not believe Americans can afford to live in fear of each other forever.

He said he cheerfully acknowledges the responsibility of the executive departments to clean out Communists from the government.

Progress along this line had been demonstrated by a recent report of the separation of 1,450 persons from the federal payroll for security reasons, he added.

Firmly, Eisenhower declared there is no one more active in

LARGE CROWD ENJOYS CONCERT BY DUO PIANISTS

An enthusiastic audience of almost one thousand persons listened to twin duo-pianists, Ernest and Miles Mauney, at the first Gettysburg Concert Association presentation of the season in the Eddie Plank Memorial Gynasium Tuesday evening.

The Mauney brothers, natives of North Carolina, and who brought their own pianos with them, offered an interpretation of "The Lark," by the Russian composer, Michael Glinka, which had been transcribed by Pierre Luboshutz into an effective piece for two pianos. The twins, who unite "in a blend of playing," as one critic commented, "that makes the two instruments seem as one," pleased the audience with an interpretation of the late George Gershwin's preludes in C Sharp Minor, No. 2, and his E Flat Minor, No. 3, giving an American touch to the concert which included chiefly European composers.

Because he attempted to avoid striking two deer crossing the Emmitsburg-Gettysburg Highway this morning about 7 o'clock, an unidentified driver partially demolished the back end of a large tractor-trailer when he skidded off the side of the road and smashed into a tree.

According to Spangler Brothers City Service Station, three miles south of town, the driver stepped out of the cab and "thumbed" a ride to the station where he made a telephone call to his employer.

The accident occurred approximately six miles south of Gettysburg near the Blue and Grey Cabins. Spangler Brothers towed the trailer to their station.

COLLEGE PROF TELLS EXCHANGE OF DESERT LIFE

A writhing, 6-foot boa constrictor only two years removed from the jungles of South America "stole the show" at Tuesday evening's session of the Exchange Club held at Bankert's Restaurant.

The reptile was exhibited by Dr. Max Hensley, member of the Biology Department of Gettysburg College, at the conclusion of an illustrated address outlining plant and wildlife research in remote desert areas of western United States.

For nearly a year the former University of Illinois graduate trod the mesquite trail in southern Arizona near the Mexican border studying and classifying desert flora and fauna in areas where hardship and inaccessibility had combined to restrict research to a minimum.

120 Degree Temperature

"Our big problem was getting into the research areas — parts of which were so dry that many of the desert animals had never seen water," Dr. Hensley narrated while an Exchange projectionist followed his talk with colored slides.

Dr. Hensley told the group that this particular section of the Sonora Desert region averaged only five inches of rain per year, and that during August on only two days had the temperature dipped below 100 degrees. "A searing heat of 120 was not unusual," he said.

Depicting vivid forms of desert animal and plant life, Dr. Hensley said, "Unit for unit there is more wild life in the desert than in Adams County."

Hensley elaborated on the reptile life he had encountered and said that 18 different types of rattlesnakes caused less deaths than a single scorpion whose bite is lethal to children under three years and

BROTHERS ARE FOUND GUILTY OF STEALING

Three Franklinton brothers, Edward Eugene, Frank Glenn and Haskell C. Wallen, were found guilty by an Adams County jury Tuesday afternoon of two charges of burglary and two of larceny in connection with the burglaries a year ago of Bob's Diner at York Springs and Dale's Tire Shop in Straban Twp.

The jury debated nearly an hour before returning to the Court Room to ask whether it could make any recommendations concerning any of the defendants. The court told the jury it had that right, adding that the recommendations however are not binding on the court.

About 15 minutes later the jury returned with its verdict finding all three of the Wallens guilty and recommending leniency for Edward Eugene. The jury handed up two verdicts in the case, one on the burglary and larceny charge brought in connection with the diner, the other on the burglary and larceny charge brought on the Dale's Tire Shop case. The wording on both verdicts were identical.

TUESDAY RADIO CHECK IS HELD

The final Tuesday evening test of the county Firemen's-Civil Defense radio network until further notice was held Tuesday evening with all stations manned reporting excellent results during the operation.

Most companies reported hearing all other companies as the main station conducted the test, calling all of the 25 fire companies in the county and hearing reports on radio reception from each area.

Even Fountaindale, which usually has some difficulty in reception and sending, came in loud and clear during the test. Eugene Sickles, operator of the main station, reported.

Fountaindale, which will be host to the Franklin County Firemen's Association tonight, made arrangements for a demonstration test at about 9 o'clock this evening.

Roger Myers, secretary of the county Firemen's Association, asked the companies to forward to him checks for the recent frequency test given the various radio transmitters in the fire trucks of the county.

The manner in which the radio tests will be resumed and their frequency will be decided at a meeting of the County Fire Chiefs Association next month.

Falling Plane Kills 10 Floating Paratroopers

FT. BRAGG, N. C. (AP)—A big C119 Flying Boxcar hurtled to earth during a mass paratrooper drop here yesterday, killing 15 men, abroad and 10 floating from parachutes in its path.

The plane apparently developed engine trouble during a drop of about 1,000 paratroopers of the 82nd Airborne Division. The drop, a 32-transport training project, was part of a conference on joint airborne operations.

The pilot, co-pilot and two other Air Force men rode the plane down along with a paratrooper trapped inside when a shovel attached to his uniform hung at the jump door. Thirty-seven others jumped safely.

The other victims had jumped from companion planes in the flight and were hit as the crippled plane descended.

ZONE MEETING OF LIONS HELD AT BIGLERVILLE

Nearly 200 Lions from this zone heard a talk by Dr. Francis C. Mason of the Gettysburg College faculty, were told about plans for Pennsylvania's participation in the International Lions convention at New York City next July and saw the Upper Adams club receive its third inter-club contest prize Tuesday evening at Biglerville.

The gathering of Lions from Gettysburg, Fairfield, York Springs and Upper Adams took place in the cafeteria of the C. H. Musselman Company plant at Biglerville with the Harmonaires, prize-winning barbershop quartet from York Springs, providing the musical entertainment.

President John Klinefelter of the host club, Upper Adams, presided during the early part of the evening and then presented Zone Chairman J. B. Collins of Gettysburg and Deputy District Governor Donald Miller of York Springs. Acting program chairman for the evening was Paul F. Osborn of the Upper Adams club.

Tells About Hatteras

A turkey dinner was served with foremen and other key personnel in the Musselman organization serving as waiters.

Dr. Mason's informal talk was an entertaining description of the Island of Hatteras in Dare County of North Carolina where he has built a summer home. He described the "sensitive, reliable and independent" people who inhabit the island which is now being made into a national recreational area. He described salt and fresh water fishing there and showed pictures he made of the natives, the 190-foot Cape Hatteras lighthouse, saved from the sea by the CCC 20 years ago, and other typical island scenes.

Chairman Collins announced plans for the regional ladies' night event Friday at Newville when Monroe L. Nute, Kennett Square, who next July will become president of Lions International, will be the speaker. Mr. Collins also told about special Pennsylvania plans honoring Nute at the New York convention July 7 to 10.

Prize To Hackman

Deputy District Governor Miller discussed the inter-club contest, won for the third time by the Upper Adams Lions in the year ending in July and presented the first prize to Russell Hackman, who was president of the club during which the winning record was made.

M'SHERRYSTOWN MOOSE OFFICER ON TRIAL TODAY

Trial of Richard R. Weaver, McSherrystown, on charges of setting up and maintaining gambling devices and setting up a lottery, began in Adams County Court this morning with state police and a Pennsylvania Liquor Control Board inspector as the first witnesses.

Bertram H. Berg, Carlisle, enforcement officer for the Liquor Control Board, told the jury of going to the McSherrystown Moose Lodge on the morning of September 1 on a routine inspection trip.

There he said he met Weaver, secretary of the Moose lodge. After looking over the books of the lodge, Berg said he went with Weaver to the barroom in the basement of the lodge "and as soon as I got in the barroom I saw two fish bowls used for gambling. They were in back of the bar. As soon as I saw them I said to Mr. Weaver, 'You know that's not allowed.' He said 'I won't do it anymore.' I said 'I'm sorry but I'll have to call the police' and I did so in his presence. Our orders from our superiors are, as quickly as gambling of any kind is found on the premises we are to call the state police. So I called the Gettysburg sub-station."

Bowls Were Moved

The McSherrystown Moose lodge has a beer license, Berg said, and one of his duties is the making of periodic inspections to see that all requirements of the license are complied with properly.

Berg said after calling the policeman, "Weaver said he would have to let the policemen in. He and I left the barroom and I told him not to touch the fishbowl."

Berg and Cpl. Frank Yercavage of the state police, testified that when police arrived the bowls were gone from the bar.

Saw No One Buying Slips

Yercavage said he and State Policeman David James arrived at McSherrystown in response to Berg's call at about 1 p.m. on September 1. Berg and Weaver were waiting for them, he said, and they all went to the barroom with Berg leading. "As soon as he was in the barroom

EXPECT VOTE ON DISARMAMENT

UNITED NATIONS, N. Y. (AP)—U. N. diplomats hoped to vote at last today on United States-backed proposals for world disarmament and for the major powers to get together in private arms talks.

A flurry of East and West resolutions, amendments and counter-amendments confronted the U. N. General Assembly's 60-nation Political Committee for today's session.

The committee was stymied in its efforts to come to final action on the bitterly debated subject yesterday when Russia's Jacob A. Malik asked a second time for postponement. Prior to the two Soviet requests for delay, the committee had its work put off by a request from India for postponement.

Had Long Debate

Both sides have taken a more conciliatory tone in the proposals they offered for the committee's approval, but Western spokesmen made it clear there was no change in their overall policy on the subject which has been debated fruitlessly since 1946.

The United States, Britain and France had the backing of 11 other nations in their mildly phrased resolution calling on the deadlocked U. N. Disarmament Commission to continue its efforts to end the arms race under effective international controls. The resolution also proposes meetings of the major powers to "seek in private an acceptable solution and report to the disarmament commission."

PUSH PROBE OF REDS IN GE

BOSTON (AP)—Sen. Joseph R. McCarthy (R-Wis.) convened his permanent investigations subcommittee in Boston today to look into possible subversion in General Electric plants in nearby Lynn and Everett.

At least 18 GE workers have been summoned to testify at a closed hearing. Two of them identified themselves as Nathaniel Mills, 36, and Robert Goodwin, 35. They said in a joint statement they intend to invoke the Fifth Amendment against possible self-incrimination when questioned before the committee.

McCarthy said on his arrival here from New York last night that today's hearing may have a link with his investigation of possible spy activities at Ft. Monmouth, N. J.

He did not elaborate but said he will call a public hearing in Boston as soon as "it is feasible."

The General Electric Co., one of the nation's key defense firms, said in a statement from Schenectady last night that its security measures often exceed government standards.

Accuse Four Youths Of Torturing Boy

LOCKPORT, N.Y. (AP)—Dist. Atty. Jack Gellman said today he would seek indictments against four teenage inmates of Niagara County Jail in connection with the beating and burning of Theodore Lear, 16, of State College, Pa.

Gellman said he would present testimony to a grand jury on Monday but he did not say what charges he would ask.

All of the accused are awaiting grand jury action on other charges. Two are charged with third degree burglary, one with attempted third degree burglary and the fourth with grand larceny in the theft of an auto.

Lear told authorities that he was beaten and burned by other prisoners during his stay in the jail awaiting action since August on a burglary charge.

Today's Talk

By GEORGE MATTHEW ADAMS

YESTERDAY

There are those who get all wound up and confused by their Yesterday. They take it into their Today and are cheated of the opportunity to make it something much more significant than their Yesterday.

Our past, even though it be but our Yesterday, is something that is gone, dead and buried. The clean slate, the new resolve, the exciting expectancy are what make life so well worth the living.

Why should we harbor injuries, resentments or bitterness? These are things that eat into the soul. They have no place in a healthy, happy man or woman. People comment that it isn't easy to forgive and forget. But it is. It is easy at the very moment that you decide to do so. It's like carrying about with one a burden of useless waste matter, and then dropping it.

As a small boy I took an autograph album to one of my teachers and asked her to sign it for me. This is what she wrote: "This day will never dawn again." That happened a long time ago, but I have carried that statement in my mind ever since. What an opportunity Today offers! If we were to be told that Today was to be our last on this earth we wouldn't bother much about what happened Yesterday.

From the Sanskrit I quote a few lines: "Today well lived makes every Yesterday a Dream of Happiness, and every Tomorrow a Vision of Hope. Look well therefore to this day! Such is the Salutation of the Dawn." Every day has its unique importance. It's late Cyrus Curtis, publisher of The Ladies' Home Journal, the Saturday Evening Post, and other publications, once said: "Yesterday ended last night," meaning that all else connected with it ended then as well.

Tomorrow Mr. Adams will talk on the subject: "Books and the Quiet Life."

Just Folks

OLD PICTURES

We cherish best throughout the years
The hours of fleeting smiles and tears,
The love that we have known
and lost,
The joys we've had at little cost,
The frequent triumphs over doubts,
These all we keep to talk about.Whenever we are moved to look
Upon the family's picture book
We find ourselves a bridal pair
The uncrowded son's a baby there;
The grownups and the aunts, long gone,
In ancient dress we smile upon,
The first small home we called
our own,
Now weather worn and feeble
grown,
Appears just as it was when we
Thought none more beautiful
could be,
And young as once they were,
we view
Our neighbors then — the first
we know.

Blame Captain of Vestris:

New York, Nov. 14 (AP)—The steamer Vestris sank when only 80 of its 328 passengers and crew had been launched in lifeboats after two boat loads of women and children had been hurled into the sea, most of them to die and while the rest were leaping from the ship's side and swimming for their lives lest they be dragged down with the foundering bulk.

HITCH-HIKER, 31, ADMITS BEATING, BURNING MAN

ERIE, Pa. (AP)—Dist. Atty. D. J. McLaughlin said Tuesday a 31-year-old hitch hiker has been arrested in the death of George Harrington, 70, of Lakeville, Ohio, whose partially burned body was found stuffed in the trunk of his auto.

McLaughlin said Keith L. Magee of Conneaut, Ohio, signed a statement admitting he beat Harrington and set fire to him Saturday night after a drinking bout in taverns along Route 20.

McLaughlin quoted Magee as saying he did not know Harrington was dead at the time he poured paint remover on him and ignited it.

The body of the retired boat engineer was found Saturday night after firemen were called to extinguish an auto fire. The car was parked along a country road. An unidentified farmer summoned firemen.

Describes Murder

Magee was arrested at his home on Monday and returned to Erie after waiving extradition. The district attorney said Magee gave this version of events which preceded Harrington's death:

The elderly man picked up Magee while driving from Erie to his Ohio home. They stopped at several taverns along the way. An argument ensued with Magee hitting Harrington several times.

Magee placed the unconscious Harrington in the back seat of the car and drove back to Erie. After several more drinks he purchased the paint remover and drove the auto to the country road spot where he moved Harrington to the trunk of the car, doused the auto and Harrington with paint remover and started the fire.

Magee told police he then hitch hiked a ride back to his home in Conneaut.

McLaughlin said a murder charge will be filed against Magee after further questioning.

Postpone Murder Trial Of J. W. Wable

GREENSBURG, Pa. (AP)—The murder trial of John W. Wable, 24-year-old accused phantom slayer of the Pennsylvania Turnpike, has been postponed until February.

Judge Richard P. Laird of Westmoreland County on Monday delayed the trial, slated for Nov. 30, after defense attorneys asked for more time to prepare their case.

A grand jury indicted Wable last Friday in the fatal shootings of two sleeping truck drivers on the turnpike in July. They were Harry P. Pitts of Bowling Green, Va., and Lester B. Woodward of Duncannon, near Harrisburg.

NOMINATE 100F GRAND MASTER

PHILADELPHIA (AP)—Fred R. Korman, of Smithmill, Clearfield County, on Monday was nominated without opposition for election next March as grand master of the Grand Lodge of Pennsylvania, Independent Order of Odd Fellows.

The officers will be elected by

looking youth, rose to his feet, nervously working his mouth, and heard his defense counsel, Maj. Gerald M. Gentry, Russellville, Ark., enter the plea of innocent to the charge of premeditated murder.

A score of spectators watched the opening of the trial in the small book-lined courtroom at the headquarters of the U. S. 3rd Air Force. Martinez' body was found Sept. 7 by an English laborer.

Colerick was arrested two days later at his air base after a manhunt by British police and U. S. air police.

Postpone Suit Against U.A. Involving "Little Pentagon"

HARRISBURG (AP)—The U. S. District Court will consider in January the claim of a Baltimore man to more money from the federal government for land seized for a building project in the Pennsylvania-Maryland border.

The case was postponed on Monday at the opening session of the court's November term here.

U. S. Atty. J. Julius Levy said the postponement was made on the request of the claimant, Alfred Holt, whose 280-acre tract was appropriated more than two years ago for a secret federal government building project now called the Little Pentagon.

Holt, who received \$28,000 for the land, is involved with the federal government in a dispute over his right to see the results of test borings made on the property.

"Let him (Holt) do his own testing," Levy said. "Why should the government have to pay for his benefit?"

Judge Frederick V. Folmer some time ago ruled in favor of the government in a side issue in the case. He refused to order the Defense Department at Washington to lift its veil of secrecy around the underground project as Holt had requested.

EXPECT 40,000 AT PENN STATE, PITT GRID GAME

PITTSBURGH (AP)—University of Pittsburgh officials said today that demand for tickets indicates a crowd of at least 40,000 probably will be on hand here Saturday for Pitt's annual football game with Penn State.

And, the officials added, if the weather continues dry and warm, the attendance may approach last year's crowd of 53,776.

Pitt is a six-point favorite to defeat the Nittany Lions, a development which prompted Panther Coach Lowell (Red) Dawson to exclaim:

"Oh, no. Well, I'll be darned. Those guys (odds-makers) must be crazy. I guess that means we'll lose."

Last year Penn State won 17-0. West Virginia, the only common foe, edged the Lions 20-19 and defeated Pitt 17-7 this season.

Fourteen players will end their college careers in the annual meeting of the two state universities.

Those from Pitt are ends Bill Adams, Oskamont; Dick Deitrick, Danville; Joe Zombek, Carnegie; fullbacks Joe Capp, Newton Falls, Ohio; Bobby Epps, Swissvale; and halfback Ray Ferguson, Jersey Shore.

Seeing their last action for Penn State will be quarterback Tony Rados, Steelton; and Don Malinak, Steelton; guards Pete Schoderbek, Duquesne; Paul Shattuck, Warren; halfbacks Keith Vesling, Warren; Don Eyer, Chambersburg; Wayne Wolfkeil, Wilkes-Barre, and Dick Jones, Bellevue.

GRANT LETTERS TO GHS SQUAD

Twenty members of the 1953 football squad at Gettysburg High School, including 11 seniors, were awarded varsity letters today during the school assembly program.

Coach Howard Shoemaker awarded letters to the following: Seniors, Co-Captains Bobby Rohrbach and Stanton Musser, Pete Baughman, Joe Bushey, Roger Crouse, Robert Dillman, Terry Culp, John Hertz, Earl Kuykendahl, George Penn, Jay Schmitt, Juniors, Ted Crouse, Charles Livingston, Dave Thomas, Carl Westerdahl, Ronnie Williams; Sophomores, Robert Bonardant, Merle Gorman and Fred Furney; Freshman, Joe Dearing.

Johnny Hartley, student manager, was also awarded a letter.

A feature of the program was the showing of a football film, "Highlights of 1952."

Gifts from the squad were presented to Coaches Shoemaker and Jack Cervino by Co-Captains Musser and Rohrbach.

SATURDAY TILT DECIDES TITLE

JOHNSTOWN, Pa. (AP)—A game Saturday between Lock Haven and Bloomsburg, neither of which can win the title, decides the championship of the Pennsylvania State Teachers Colleges Football Conference.

Shippensburg (6-0) and West Chester (4-0) are tied for the lead with 250 points each under the conference's rating system, which takes into account the caliber of the opposition.

If Bloomsburg beats Lock Haven, West Chester becomes champion for the second straight year. If Lock Haven wins, or if the game ends in a tie, the two leaders will remain deadlocked in the final standings. There is no playoff in the conference.

BLAME SINGLE PLATOON PLAN FOR INJURIES

CHARLOTTESVILLE, Va. (AP)—The return of the one-platoon system was blamed by a University of Virginia doctor today for an "alarming" 30 per cent increase in injuries to players on Virginia's football squad.

Dr. Charles J. Frankel, a faculty member at the university's Medical School and examiner for the American Board of Orthopedic Surgery, said there has been a similar upswing in injuries at other colleges he has checked.

Furthermore, he said, the injuries have been more severe than in the days of unlimited substitutions.

Not As Rugged
"College athletes, with few exceptions, are not as rugged as a generation ago," Dr. Frankel, Virginia team physician, declared.

He said injuries this year have been more frequent and more serious not only in actual game competition but in practice sessions as well. The practice injuries are attributable to the efforts of coaches to condition their players to action on both offense and defense, Dr. Frankel said.

Knee injuries of the serious kind have soared since the one-platoon system was brought back, Dr. Frankel said, along with other injuries "which occur as a result of fatigue. Many times, toward the end of a football game, players are so fatigued they can't take care of themselves."

Dr. Frankel is considered an authority on athletic injuries and their treatment and has been the author of many papers on the subject for professional journals.

UJOBAI LEADS STATE SCORERS

PHILADELPHIA (AP)—Gettysburg's Joe Ujober, with still one game to play, has virtually clinched the 1953 Pennsylvania college football scoring championship.

The weekly Associated Press survey showed the battering Bullet back with a 20-point lead over runner up Fred Prender, whose West Chester team has completed its season. Ujober scored 14 points in Gettysburg's victory over Bucknell last Saturday, boosting his total to 91 points.

Only Jim Lavery of Scranton, with two games to play, has an outside chance of catching Ujober. Lavery has scored 10 touchdowns in seven games for 60 points. Ujober, however, has the advantage of being an extra point kicker. He's scored 19 points on conversions.

Many Clubs Seek O'Connell From Bucs

PITTSBURGH (AP)—General Manager Branch Rickey of the Pittsburgh Pirates said yesterday inlander Danny O'Connell of Paterson, N.J., is the most sought after player on the Bucs but "he is the one player I do not want to trade."

"He is the type around which we are building our future in Pittsburgh," the Mahatma continued, "and he won't be traded unless I feel we can get three or four players who are going to be of help in the future."

O'Connell batted .296 last season. He batted in 55 runs and scored 88 more on 174 safeties.

Bubblers Play Last Grid Game Thursday

Boiling Springs High School will bring its 10-game football season to a conclusion Thursday evening at 8 o'clock when Susquehanna Township, the team which snapped the Bubblers' 27-game win streak last year, will be met on the Bubblers' gridiron.

Susquehanna has 22 lettermen from last year's squad and will rule a heavy favorite to down the Bubblers. The Indians have a 6-3 record including a 22-0 win over New Cumberland, a team which defeated Boiling Springs 21-12.

"Bud" Ecker's Bubblers have surprised most of their supporters by posting a 5-4 record to date. There is only one letterman on this year's squad which is comprised mostly of under-classesmen.

FALONEY GOT REVENGE AND HONOR BY AP

COLLEGE PARK, Md. (AP)—Embarrassment made quarterback Bernie Faloney of Maryland's undefeated football team the Associated Press Back of the Week.

Congratulated for his all-out effort in Maryland's 38-0 conquest of Mississippi last Saturday, the 21-year-old senior from East Carnegie, Pa., replied:

"Well, they embarrassed me last year and they weren't going to do it again."

Mississippi embarrassed him by completing two touchdown passes over him in its 21-14 upset in 1952. That was hitting Faloney in his biggest pride, defense. But he had an excuse. He was wearing a face guard for a broken nose and it cut down his lateral vision.

He really put out in revenge. He intercepted two passes, ran for two touchdowns, recovered a fumble, brilliantly handled the ball and picked the Mississippi defenses to pieces. His first interception was in the end zone with the scoreboard blank and Coach Johnny Vaught of Mississippi called the play the turning point of the game.

Won Mountain Range With Football Bet

SANTA FE, N. M. (AP)—Gov. Ed Mechem feels this state's water problems are well on the way to solution now that he has won the Teton Mountains of Wyoming.

"If we can develop a cheap source of power, I'd like to start piping the water down here now," he says.

Mechem and Gov. C. J. Rogers of Wyoming bet on the outcome of last Saturday's football game in which New Mexico defeated Wyoming 9-7. Mechem put up the Sangre de Cristo Mountains of New Mexico against the Teton.

and have improved steadily through the last four weeks. They have but one defeat and at this writing most of the dopests give them a 6-5 edge over the Yovis-in-coached tribe. With their zest to win this final contest and on the home field of the Bullets the Diplomats will be at their peak and will be "up" for Saturday's game.

For the Bullets the going will be tough. They lost their opener to Delaware and then came through with seven consecutive victories. They are riding the crest of the conqueror's tidal wave. They want this game and they believe they can win it—but they are not fully aware that they are going to meet their stiffest competition, their most stubborn opponent—a team that wants this game just as badly and is out to capture it.

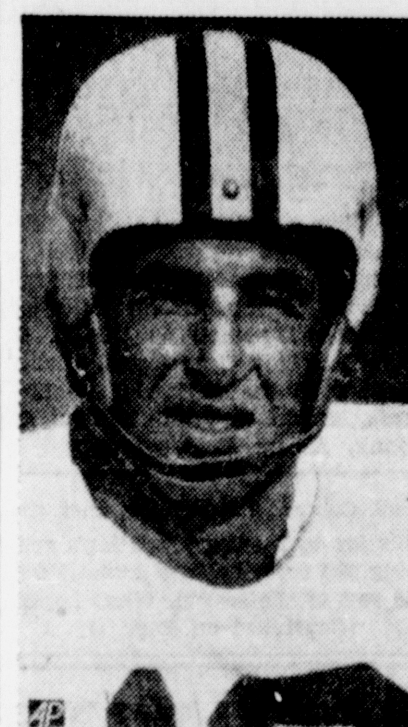

Coaches Yovis and Shainline realize this all too well. They fear over-confidence on the part of the Bullets. If this prevails, . . . well . . .

On the other hand if the Bullets display the same brand of enthusiasm and fight they've displayed in the past they have an even chance of turning back the Diplomats.

For the twelve seniors this is the game to win, and they want to win . . . for the other members of the squad . . . well . . .

The team with the most spirit and fight will win.

Iowa End Named Lineman Of Week

NEW YORK (AP)—A lad whose football career was believed ended by illness last spring—Bill Fenton, Iowa end—was named the Associated Press Lineman of the Week today.

Iowa surprised Minnesota 27-0 and Fenton's feats in smearing Minnesota's famed Paul Giel earned him the nod in the weekly voting by sportswriters and broadcasters.

BUCCERONI AND BESHORE CLASH

LOS ANGELES (AP)—Philadelphia's Dan Bucceroni faces aging Freddie Beshore of Los Angeles tonight in a 10-round heavyweight fight in Olympic Auditorium.

The match will be televised nationally by CBS at 10 p. m. EST. Bucceroni, 26, and at 6 feet 3, much taller than the 31-year-old Beshore, is the decided favorite. Youth and a harder punch are in his favor.

But whether the Philadelphian, who hopes to land a title fight with champion Rocky Marciano next year, can put Fearless Freddie on the deck remains to be seen.

Beshore's only loss via a knockout was a one-rounder to young Billy McCleure about eight years ago. In subsequent fights Marciano, Joe Louis, Ezzard Charles and other name fighters were unable to put the Californian off his feet.

brought against Harvey Miller, Biglerville R. D. The case marks the second time the matter has been heard in Adams County Court. At the end of the trial in August court, the jury could not agree and a new trial had to be held.

Miller is charged with driving while under the influence on July 26 on the Maryland line on the Emmitsburg Rd. to Hunterstown. Most of the testimony concerns his actions in Hunterstown where he allegedly drank a large quantity of beer, broke beer bottles on the road, got into a fight, and finally was taken into custody by state police.

He was found guilty this morning by a jury which deliberated an hour on the case. Bernard Maguire was foreman of the jury.

Among witnesses Tuesday afternoon were Sgt. Joseph Temple of the local state police; Russell Sterner, Orttanna; Wayne Reedy, Gettysburg R. 4; Bruce Witter Jr., Hunterstown; Gloria Witter, Hunterstown; and Frank S. Weaver, Hunterstown.

Sgt. Temple reported finding broken bottles on the road at Hunterstown, difficulties in taking Miller into custody, and details of the scene at Hunterstown. The others testified to Miller's manner of driving upon his arrival at Hunterstown and events after his arrival there.

The jury for the case includes E. J. Bream, New Oxford R. 1; John Gordon, Hampton; Clair Grove, York Springs R. 1; Merle Heikes, East Berlin R. 1; Mary Inskip, Hampton; Irvin Kindig, Littlestown R. official duties and showed great disrespect to the Senate" in not permitting it to know of the FBI report about White before it confirmed the latter's appointment.

Varied Reactions
Knowledge said that as a witness, Brownell was "factual and devastating in showing the carelessness with which the Truman administration proceeded in dealing with security problems."

Sen. Olin Johnston (D-SC), an internal security subcommittee member, said he didn't think anything new had been brought out by the day's testimony.

Rep. Moulder (D-Mo), a member of the House Un-American Activities Committee, asserted that Brownell before the Senate committee "was permitted to make another political speech without being subjected to cross-examination."

Unusual For Hoover
Hoover, greeted with applause as he took the stand, unfolded a carefully worded story of backstage maneuvering in the Truman Cabinet during February 1946. For him it was unusual testimony about an individual case. He previously has limited himself to discussion of legislation and funds to operate his department.

Testifying in a firm voice, he said that on Nov. 7, 1945, Elizabeth Bentley had detailed to the FBI her activities as an espionage ring courier and that a letter, dated the following day, was sent to Brig. Gen. Harry H. Vaughan, then Truman's military aide, listing White's name among others as possible members of an espionage ring. He said that in the period from Nov. 8, 1945, to July 24, 1946, seven communications were sent to the White House mentioning White's name.

Truman has confirmed that on Feb. 6, the day the Senate approved White, an FBI report was called to his attention by South Carolina's Gov. James F. Byrnes, then secretary of state.

Reports Vinson Opposition
Hoover said that on Feb. 21 Atty. Gen. Tom C. Clark, now a Supreme Court Justice, discussed the White appointment with him. "I told the attorney general I felt it was unwise for White to serve," Hoover said.

Hoover met at lunch the next day with Clark and the late Fred M. Vinson, then secretary of the Treasury. Hoover said that "Judge Vinson did not want Mr. White to serve as a U.S. delegate to the International Monetary Fund and, in fact, he did not want him to continue as assistant secretary of the Treasury."

Hoover quoted Clark as telling him on Feb. 26, the day Truman signed White's commission, that "he felt that White would go into the job and then would be surrounded with persons who were especially selected and were not security risks."

Agents "Hampered"
"He further stated that the President was interested in continuing the surveillance," Hoover said. "I stated if that was the desire, we would continue the investigation."

Hoover said in response to questions by Sen. John Marshall Butler (R-Mo) that his agents were "certainly hampered" in keeping tabs on White in his new job because they couldn't invade the international precincts of the fund's headquarters.

White's case was eventually presented to a grand jury in 1948 but the jury did not indict him. He died later that year.

Brownell said some allegedly incriminating evidence against White, papers identified as written in White's own handwriting, did not come to light until after White died.

HAS GROWN TO
"BIG BUSINESS"

The 14-year-old turkey farm owned by Paul F. Osborn, near Aspers, is the subject of the lead story and editorial in the current edition of the Eastern States Cooperator,

magazine published by the Eastern States Farmers Exchange, of West Springfield, Mass. The editorial in the magazine, titled "Records," points out: "Most successful farmers are successful because they have mastered the trick of keeping and using records." The editorial then goes on to use the Osborn Turkey Farm records as an example and reproduces, as part of its editorial, samples of the flock records kept by Mr. Osborn.

Headline on the article concerning the Osborn farm is "Records Help Make Success for Osborn Turkey Farm." The article is illustrated by

seven pictures of various parts of the farm. "Osborn turkey farm close to Aspers, Pa., is today a big and successful business and it started when Paul F. Osborn, a printer, bought a hundred poult to raise in the backyard of his summer home," according to the article.

"This Pennsylvania turkey grower who began with 100 poult 14 years ago did what all the beginners dream about; he multiplied the size of his turkey operations year by year until his annual harvests now gross a hundred thousand dollars, or thereabouts.

"His story is one that shows how important every small detail of good management can be. Second, he knows every item of cost and studies what it means to his prospects for profit.

Made Early Profits

"Paul Osborn owns a successful printing business in Biglerville and in 1936 bought one of those 'little places in the country' which occupy the dreams of so many city folk. In 1940 he built a plain little 12 by 12 brooder and started 300 baby chicks. Then on June 5 he put 100 Broad Breasted Bronze poult in the brooder house after the broilers were sold. He raised 64 of his 100 poult and sold his market birds at 21 and 26 cents per pound. Feed cost him between \$2.55 and \$3.20 per bag. The project was fairly profitable.

"So, next year, 1941, he put up another 12 by 12 brooder house and increased his flocks of both chickens and turkeys. He liked his poultry adventure but soon figured that, in order to keep the farm chores from conflicting with his other business, the farming would have to be expanded enough to justify a full-time hired man.

"Consequently he took the big plunge and built a 20 by 40 two-story brooder house with 30 feet of porch along each side. He kept a record of every penny that went into his turkey operations—used his modest profits plus a cautious investment of additional capital from the printing business to expand his operations.

Crisis Brought Expansion "The common crisis of specialty farming—the loss of an essential employee—hit him in October, 1942.

William C. Shank, aviation machinist's mate third class, USN, is serving in the maintenance department of Fleet Aircraft Service Squadron 11 based at the U. S. Naval Air Station in Japan. Shank, working on the engine of an aircraft, is the son of William C. Shank, Aspers R. 1.

Paul Osborn, the printer, met the situation by moving to his farm and doing the turkey chores himself for the rest of the season. What began (Continued on Page 1)

Horst Hails New
Pa. Egg Record

Record egg production on Pennsylvania farms for October was a tribute to poultry breeders of the state who are constantly striving to develop layers that will produce more eggs than their ancestors, according to Miles Horst, state secretary of Agriculture.

Keystone State output for October set an all-time record of 309,000,000 eggs for that month, and it was accomplished with fewer layers than a year earlier, Horst said. Federal-State surveys showed. Layers in flocks averaged a record 14.2 eggs per bird during October compared with 13.59 in September and 13.52 for October last year.

In addition to the continuing trend toward higher production per bird, the secretary said mild weather and early entry of pullets into laying flocks were factors partly responsible for the excellent showing.

October egg production in the state exceeded September output by 15 per cent and was 5 per cent above October 1952. The number of layers totaled 21,780,000 compared with 21,800,000 a year previous.

Nine-tenths of American women who reach age 40 will live 20 years longer.

A jar of fruit preserves can be a life-saver when unexpected company comes. Apricot or peach preserves heated with orange juice, and given quick-glamor treatment by the addition of a little brandy flavoring, will sauce plain vanilla ice cream to perfection. The same preserves may be spread between layers of ready-bought sponge cake and served with nutmeg-flavored whipped cream for a shortcake de luxe.

WEATHER FORECAST

Extended forecast for Wednesday, Nov. 18, through Sunday, Nov. 22:

Eastern Pennsylvania, Eastern New York and Mid-Atlantic states: Temperatures will average five to eight degrees above normal, some cooling by Thursday night and cooler by end of week, precipitation likely at end of week and possibly on Thursday.

Western Pennsylvania, Western New York, Ohio and West Virginia: Temperatures will average four to six degrees above normal, cooler by Thursday and again by end of week, precipitation likely Wednesday night or Thursday and again Saturday.

"But for nomadic gold and uranium prospectors, the region explored by the Hensley expedition was barren of human habitation. Portions of the ancient 'Camino del Diablo' road were noted. Aply named the 'Devil's Highway,' it was at one time used to transport metal taken from surrounding gold fields hundreds of miles to the Pacific coast. Water holes were as much as 50 miles apart," Dr. Hensley declared.

At the conclusion of his talk Dr. Hensley walked to a nearby table and from a small box extracted a huge, six-foot snake.

Rebuffing popular fears, he allowed the snake to coil itself about his body. "This snake is an animal the same as any other," he said. "It is completely docile and so tame that our girls at Gettysburg would take him up town if it were allowed."

During a brief business session prior to the address, the Club decided to observe their Christmas party at the Lincoln View Restaurant, December 16, at 7 p.m.

house in her new Hobby and Gift Center which opened November 13. A complete line of model planes and cars, H. O. & S. gauge trains and accessories, hand crafts, artists' supplies and gift items will be offered for sale. During the coming holiday season complete decorating supplies will be available. This modern turkey raising plant spread over a hillside along the "Potato Road" between Brysonia and Flora Dale grew from a 100-bird flock which Paul S. Osborn started 14 years ago. Brooders, rearing sheds, sun porches, storage sheds and a two-apartment building are included in the establishment where Osborn annually raises thousands of chicks and turkey poults. Below Mr. Osborn is shown inspecting a flock of baby turkeys in one of the brooder houses.

PAUL F. OSBORN

(Continued From Page 6)

as a 'headache' turned out to be a situation that put the Osborn family on the course that led to greater success and satisfaction.

"The unpretentious farmhouse was improved and remodeled to make a charming country home and soon the Osborns realized that farm life was what they wanted."

The article then points out that Osborn raises all his turkeys in confinement and sells them alive to wholesalers, often as many as 7,000 to a single customer. The article quotes Osborn as saying his records show Eastern States feeds as more profitable than any others he has tried.

It gives details of additional development at the Osborn farm, including a 47 by 146 rearing house in 1945. Construction of a three-story cement block brooder house equipped with two warm air furnaces and with sun porches on three sides in 1949. The unit can brood and carry to maturity 6,660 turkeys at five square feet per bird. A conveyor carries feed or crates from the first floor truck platform to the second and third floors.

In 1952 Osborn constructed a 40 by 200 brooder house with a feed unit in the center of the building, according to the article. There's a 40 by 200 sun porch giving a total floor space for 3,200 birds. At one

end there's garage with a six-room apartment over it for one of the farm's employees. The farm has its own power plant in case of interruption of electrical service.

The article points out how Osborn has taken advantage of terrain to arrange his buildings on the steep hillside to terms supplies and turkeys to be unloaded and loaded at convenient levels. The slopes also put the sun porches so high a crew can work under them with tractor and manure spreader. The manure is sold by the 100-bushel loads to fruit growers nearby. He sold 160 loads last year.

Printing, Turkeys, Travel

According to the article, "An alarm system warns if there's so much as a five degree temperature change in any brooding unit. Brooding operations are so skillfully managed that Osborn comes close to raising all the birds he buys. In other words, mortality is not much more than the extra poults supplied by the hatchery."

"While his turkey operations have grown larger than many farms specializing in this crop, they are not Paul Osborn's only interest. He owns and operates the Osborn Printing Co. in Biglerville, which does job printing for customers from Maine to Florida and west to Ohio. He has an apartment property, too, in Biglerville. And more or less as a hobby, he travels to such interesting places as Florida, Cuba, Mexico, and Central America, making color movies which he builds into travelogues and shows at civic clubs, churches and schools as a professional lecturer. That's what this turkey farmer does between the close of the turkey season and the arrival of the next flock of poults. Next on his schedule is a trip in February to Hawaii."

Mr. and Mrs. Harry Griest have returned to their home at St. Lucie, Florida.

Fairfield Mennonite Re-Decorated, Enlarged

The upper photo is an exterior view of enlarged and redecorated Fairfield Mennonite Church to be consecrated at special services Saturday and Sunday. A newly installed organ, a memorial to the late C. H. Musselman, also will be dedicated at the weekend ceremonies. The lower picture is of the interior of the new educational unit.

DEDICATE NEW BUILDING, ORGAN OVER WEEKEND

The Fairfield Mennonite Church will hold two-day consecration services for its recently completed educational unit, redecorated sanctuary and newly installed organ on Saturday and Sunday and will climax its program next Sunday afternoon with an organ recital by the Rev. Dr. Jacob W. Heikkinen of the Gettysburg Theological Seminary faculty.

An address by the Rev. J. Lawrence Burkholder, of Princeton University, is scheduled to open the dedicatory ceremonies Saturday evening at 7:30 o'clock.

Building will be held Sunday at the 10 a.m. service when the Sunday Church School will present the Rev. Dr. Ralph D. Heim as speaker. Dr. Heim also is a member of the seminary faculty.

Organ Is Memorial
Rev. Burkholder will make the dedicatory address, "The Supreme Act of Dedication," at the consecration of the sanctuary at 11 o'clock. The act of dedication will be performed by the Rev. A. W. Geigley.

At 4 o'clock, Sunday afternoon, the Rev. Ward W. Shelly, president of the Eastern District, General Conference Mennonite Church, will bless and dedicate Fairfield Mennonite's newly installed organ. Following the service, the Rev. Dr. Heikkinen, of the Gettysburg Lutheran Theological Seminary, will conduct an organ recital.

The organ is a gift of Mrs. Louella Musselman Arnold, Biglerville. It will be enshrined as a memorial to her father, the late C. H. Musselman.

A fellowship hour and tea sponsored by the Women's Service Guild will follow the recital.

Started In 1942
A project under way since 1942 when a building fund was initiated, the educational building is 40 x 60 in size and houses a large assembly room, three class rooms, a kitchen and a nursery. The structure is finished throughout in a natural grain wood with gray and red tile flooring. White drapes complement light blue-green walls.

In October, 1951, after several years of intensive study of various plans and locations, the congregation finally approved a building program. Actual construction proceeded, step-by-step, as funds became available.

Now completed, the overall project is dedicated not as a finished program, but, according to Helmut Dyck, acting pastor, "as the opening of a new chapter of increased service to the Christian religion."

New Heating System
A new heating system has been installed within the education building, where pews of light oak blend with natural pulp furniture to create an impression of unity.

A driveway leading to back building parking spaces has also been constructed.

The Fairfield Mennonite Church was dedicated officially in August, 1927, with the Rev. Mr. Geigley serving as the congregation's first minister.

Called Pastor In 1943
In 1943 the church called its first full-time salaried minister and has since been served by the following pastors: 1943-1950, Rev. G. S. Stoneback; 1950-1951, Rev. B. F. Waas, and 1952, Helmut Dyck. Mr. Dyck was originally on assignment from the Mennonite Biblical Seminary, Chicago, and is now a candidate for ordination to the full ministry.

The Fairfield Mennonite Church remained an independent unaffiliated congregation until the last decade when it joined the General Conference Mennonite Church, Eastern District. It also maintains congregational membership in the National Council of Churches of Christ in the United States.

SEE PROGRESS IN SESSION ON KOREAN PEACE

PANMUNJOM (P)—Allied and Communist negotiators today appeared to be making some progress in talks to arrange an already long-delayed Korean peace conference.

The Communists today turned down an American plan for inviting neutral nations to the full-dress talks. But they apparently abandoned demands for a round-table conference at which neutrals—including Russia—would have a full voice.

The Reds suggested instead that neutral nations attend the conference as a third party to insure a "harmonious atmosphere," but with almost no voting power.

U. S. special envoy Arthur Dean said the vaguely worded Red plan needed clarifying and asked the Reds a series of questions. The Communists indicated they would answer at tomorrow's meeting.

Elsewhere in Korea there were increasing signs that the Communists might not resume interviews with Chinese and Korean war prisoners who have refused to go home.

The Indian command said there would be no interviews tomorrow and a spokesman said he had no idea when the explanations would resume.

The Reds talked to 227 Koreans Monday—the first interviews in 10 days—but the program has been stalled since then by Communist insistence on seeing POWs from the same compound who were not interviewed Monday.

The Indians have told the Communists to talk to an entire 500-man compound in a single day or forget those who are not interviewed.

Communist correspondent Wilfred Burchett, who often reflects official Red thinking, told Allied newsmen the Communists have given up the idea of a round-table parley in the face of United Nations opposition.

This would mean a major Red concession. The Communists, said Burchett, now take the stand that the conference be between the belligerents, as the Allies propose, but neutrals attending as a third party to "expert a harmonizing influence."

Gelatin is fine to use in family desserts because it is so easily digested. It also recommends itself because it makes a perfect base for the odds and ends of fruits that may be on your refrigerator shelves.

FIVE PERISH IN BLAZE AFTER 4 VEHICLES CRASH

PITTSBURGH (P)—Four men and a woman perished in the flaming collision of a big trailer truck and three autos at an intersection in suburban Wilkinsburg on Monday. Three other persons were injured.

Police, firemen and workmen labored for more than three hours to extricate the bodies from the tangled wreckage, described by Coroner William D. McClelland of Allegheny County as the "worst I have ever seen."

Only the body of the woman remained unidentified. Others killed were William Rivers of Orlando, Fla., driver of the truck; William Smith, 30, and Frank Theis, 35, both of Pittsburgh, and Everett L. Jones, Sidney, Ill., a passenger in the truck.

The charred bodies of Smith and Theis were piled from the flattened wreckage of their auto.

"I saw the trailer truck coming down Ardmore Boulevard toward Wilkinsburg, headed west. Three cars were waiting for the red light to change. Then the truck hit the cars."

Another witness, James Kusick Wilkinsburg, said one of the autos burst into flames and then the truck's gas tank exploded and shot flames 10 feet into the air. Kusick was driving one of the three cars hit by the truck. He escaped injury.

Three occupants of a second car involved in the collision suffered minor injuries. They were treated at a hospital and released.

Witnesses said one of the men in the truck climbed out the cab window but a live wire fell and electrocuted him as he emerged. The other two occupants of the truck burned to death.

The truck struck a steel utility pole and sheared off a wooden utility pole. Electric power in the area was shut off briefly.

TO WRAP UP DEATH DEMAND IN GREENLEASE KIDNAP CASE

KANSAS CITY (P)—The government expects to wrap up its death demand today for the kidnap-killers of 6-year-old Bobby Greenlease, whose mother confronted them in federal court with the lie they told to get \$600,000 in ransom.

In an unflinching voice, she testified last yesterday that Carl Austin Hall, the 34-year-old wastrel, repeatedly assured her that her only son was alive even though he had been slain soon after his kidnaping.

Her multimillionaire husband, Robert C. Greenlease, sat only a few feet from Hall. The 71-year-old automobile dealer watched her closely as she talked. He had been there all day, listening to the government press its case for the death penalty for Hall and his alcoholic lover, divorcee Bonnie Brown Heady. Both have pleaded guilty.

Mother's Voice Firm

At times his jaw tightened. His teeth clenched. And occasionally he would study Hall, who served in World War II as a Marine only to come back to a life of crime. Beside him sat Robert Lederman of Tulsa, Okla., his business associate, who had acted as an intermediary.

Mrs. Greenlease's voice was firm as she told of her first talk over the telephone with the kidnaper last Oct. 4, six days after her boy's abduction.

Saw Defendants For First

"I said, 'This is Mrs. Greenlease. We are willing and ready to pay the money, but first I must know that my son is alive and well.' He said, 'I can assure you your son is alive and well.'"

It was the first time Mrs. Greenlease had seen Hall and the 41-year-old Mrs. Heady, who talked a nun at the Catholic school into turning Bobby over to her on the pretense she was his aunt and Mrs. Greenlease was ill.

Earlier Hall's confession, read in all its gruesome detail by an FBI agent, disclosed that the kidnaper was confident he had \$592,000 of ransom money in his possession when arrested in St. Louis.

Money Still Missing

Half of the money is still mysteriously missing.

At St. Louis top police officials immediately expressed surprise over the Hall confession, particularly that part saying Hall's suitcases containing ransom money were not taken to the police station at the time of the kidnaper's arrest.

J. A. Long, president of the St. Louis Police Board, said the police board would resume its inquiry into the missing money.

Louis Shoulters, a veteran of 27 years on the St. Louis police force who made the arrest, declined comment on Hall's statement. Shoulters resigned under the fire of a police board inquiry into the handling of the case.

But Patrolman Elmer Dolan, the policeman with Shoulters at the time of the arrest, took the witness stand. He denied the Hall statement. He testified he helped Shoulters put the suitcases into a police car in which they took Hall to a police station.

Mrs. Frank Suss of Chalfant Borough told police:

"I saw the trailer truck coming down Ardmore Boulevard toward Wilkinsburg, headed west. Three cars were waiting for the red light to change. Then the truck hit the cars."

Another witness, James Kusick Wilkinsburg, said one of the autos burst into flames and then the truck's gas tank exploded and shot flames 10 feet into the air. Kusick was driving one of the three cars hit by the truck. He escaped injury.

Three occupants of a second car involved in the collision suffered minor injuries. They were treated at a hospital and released.
